About Me

"Hi, I'm a student at the Faculty of Computers and Artificial Intelligence (FCAI).
I'm passionate about technology and currently exploring front-end development.
As a beginner, I'm learning HTML, CSS, and JavaScript to build interactive and responsive websites.
I'm excited to improve my skills and work on real-world projects!"

My Projects

Project 1: Portfolio Website

A personal portfolio website showcasing my skills, projects, and contact information using HTML, CSS, and JavaScript.

Project 2: To-Do List App

A simple to-do list web application that allows users to add, remove, and mark tasks as complete using JavaScript.

Project 3: Weather App

A weather forecast web app that fetches real-time data from an API and displays weather conditions based on the user's location.

My Skills

- HTML
- CSS
- JavaScript
- Git & GitHub
- Qt Widget Apps using C++
- SQL Server
